One day, in 2003, these two best friends of 30 years found themselves with an opportunity to change their lives. You know how sometimes in life all the stars align and everything comes together to make something happen? Well, that's the way it was with Angel's. Every obstacle that was sure to be a 'deal breaker' – just dissipated. Before they knew it, Angel's took on a life of its own. Now – here we are. We would like to say thank you to our families, to our partners, to those we have loved and lost and to you – our customers. We feel that Angel's is truly a special place and everyone that walks through its doors makes it so. We are honored to have you be a part of our Angel Journey. And yes, that is the original 1950's red porcelain neon sign from Pasadena, Texas owned

previously by the Angel Family. The sign, the food, the feelings here bring back many childhood memories from our customers. Our favorite is from a trucker who pulled over to tell us his story. He said he was eating at the original Angel's when he was a boy, he began choking and a little girl gave home the Heimlich. He felt all this time that she had saved his life. When he drove by here in his truck many years later, he recounted the story that had changed his life so much to his wife. In disbelief, She put her had on his arm said, "Baby, that little girl was me." Gave us chills. There are many stories like that here. One thing's for sure – if you ask us if WE believe in Angels? The answer is – **ABSOLUTELY.**
